**BOW-CONCORD INTERSTATE 93 TRANSPORTATION WORKSHOPS**  
***DISCUSSING THE CORRIDOR FROM I-89 TO EXIT 15***

The New Hampshire Department of Transportation announces three Transportation Workshops have been scheduled to discuss the study of the Interstate 93 corridor through Bow and Concord, focusing on the segment from I-89 in Bow to just north of Exit 15 in Concord.

The goal of this study is to identify problems within the corridor and to look at alternatives aimed at creating a transportation system that is safe, affordable, environmentally acceptable, and compatible with the area communities.

The three public meetings are scheduled for:

- Thursday, May 18, 2006 from 7:00 am to 9:00 am at the Grace Capital Church, 542 Pembroke Street in Pembroke, NH
- Thursday, May 18, 2006 from 6:00 pm to 8:00 pm at the Bow Old Town Hall, 92 Bow Center Road in Bow, NH
- Saturday, May 20, 2006 from 9:00 am to Noon at Rundlett Middle School, 144 South Street, Concord, NH

One-hour workshops will be held within these meeting times, with each workshop discussing the problems identified, the goals of the project, and the criteria that will be used to screen alternatives to meet those goals. Identified alternatives will also be reviewed.

Information regarding the Bow-Concord I-93 corridor study can be found on the NHDOT website at <http://www.i93bowconcord.com>
